

Hello my name is Mrs Cawley

I am A fully qualified Primary Teacher with Qualified Teaching Status working as the Nursery Teacher at St Leo's and Southmead Catholic Primary School.

I have gained a wealth of experience, knowledge and understanding of early years theory, practice and child development in my 25 years of working across early years settings.

I began my career in 1989 as a NNEB Nursery Nurse working for Liverpool Social Service Day Nurseries.

I qualified as a Primary School Teacher in 2001 where I Gained a Bachelor of Education with Honours and QTS after studying for five years at University to become a Teacher.

During my teaching career I have worked as Nursery and Reception Class Teacher in an Outstanding Lancashire Nursery School and two Knowsley primary schools. At one school I led the team towards gaining an OFSTED Outstanding credit for the Foundation Stage.

I also spent a five year period working for Knowsley Children's Centres working across the whole authority from Kirkby to Halewood as a Children's Centre Qualified Teacher. During this time I supported the Private Nurseries in practice and planning for children's learning and development. As well as supporting the settings in supporting children in their transitions to school. I also developed a Chatterbox speech and language programme which I delivered in the Nurseries and Schools across Halewood.

In 2008 I gained the EYP Early Years Professional qualification to add to my Qualified Teaching Status.

Please feel free to visit St Leos and Southmead School Nursery. We would be delighted to see you.

For visits please call the school on 0151 477 8410
